

24-Rack Unit Opening 19-inch Equipment Rack Package– 48Hx31D

P/N 24RU19RACK31D100.1

24-Rack Unit Opening 19-inch Equipment Rack Package– 48Hx31D

The 24-space isolation equipment rack has a standard 19-inch wide opening that provides 24 rack units (RU) of vertical mounting space. The rack includes a nine (9)-outlet 15-amp power strip, a plexiglass front door and a gasketed solid rear door, as well as internal acoustical absorption material to reduce the noise by up to 22db. The rear door features a built-in quiet fan and filter along with a brush grommet at the bottom of the door allows cable exit while maintaining a seal for noise and airflow. The isolation rack design combines furniture elegance with a robust rolling steel enclosure that incorporates an attractive graphite finished top. Approximate Dimensions: 48”H x 27”W x 31”D
