

Audio/Visual (A/V) and/or Video Teleconferencing Encasement Wall

P/N SIG-EQRM100.1

Audio/Visual (A/V) and/or Video Teleconferencing (VTC) Encasement Wall and Equipment Closet Package

SIGCOM's custom-designed A/V and/or VTC Encasement Wall and Equipment Closet Package showcases the customer's interactive A/V and/or VTC system components in an encasement wall while concealing non-interactive equipment in a closet enclosure behind the wall. This package minimizes the acoustic transfer of unwanted equipment noise while enhancing the overall appearance of the room. SIGCOM ensures that all relevant components of this package meet National Electrical Code (NEC) regulations.

The A/V and VTC Encasement Wall and Equipment Closet Package includes:

Conduits, ductwork, and wiring for installing the A/V and/or VTC Encasement Wall and interconnecting facility equipment

Paint, industrial-type carpeting, acoustic ceiling tiles, replacement Heating, Ventilation, and Air Conditioning supply and return grills, and conduits, ductwork, and wiring for installing the Equipment Closet and interconnecting facility equipment

Note: One of the following A/V and/or VTC Site Surveys is required for this package:

- P/N SSEC100.1 East Coast
- P/N SSWC100.1 West Coast
- P/N SSOC100.1 OCONUS

Price includes: Designing and/or supplying all materials required for installing the A/V and/or VTC Encasement Wall and Equipment Closet.

Installation: Priced separately

Warranty: One Year - Limited Warranty

Freight: FOB Destination
