

Training Option: Master Control Room

P/N TRCOMCONTRM1000.1

Training Option: Master Control Room

This additional 8-hour course is designed for customers with systems containing a master control room/suite. It provides the control room operator with skills necessary, but not limited to, previewing and routing sources, call configuration, understanding system status, and basic troubleshooting to isolate system malfunctions. Class size is limited to a maximum of 2 participants. *Note: This option must be purchased in conjunction with the VTC and AV Integration Solution (P/N TRCOMVTCAV1000.1).*
