

Multimedia System Training

P/N TRCOMMMSYS1000.1

Multimedia System Training

Course Description:

This 3-hour course is designed to introduce the customer to the various features and components of their multimedia system and to develop the skills necessary to operate it for presentations, conferences, and/or seminars. A typical system might include peripheral equipment such as a VCR, DVD, video displays, microphones and speakers, visual presenters, and computers. Class size is limited to a maximum of 6 participants.
