

One Touch Host System Training

P/N TRCOMOHOST1000.1

One Touch Host System Training

Course Description:

This 2-day course is designed to provide skills and techniques necessary to deliver a course using the One Touch Host System. Participants learn through a discussion and "hands-on" format. Topics include an overview of distance learning, description of system components, and operation of hardware and software inclusive of the system. A Training Manual will be provided for each participant as well as a certificate for each participant upon completion of the course. Class size is limited to a maximum of 4 participants.
