

20- to 40-Zone Controller Expansion

Options:

Note: Options below must be purchased at the same time as the basic 20 Zone Perimeter Fence Protection Security System.

P/N PPS-2240EXPSEC1000.1 – 20- to 40-Zone Controller Expansion *"Now available on our GSA Schedule"*

This option is to provide the capability to expand a 20-zone controller to a 40-zone controller. The system includes the upgrade of the controller to a 40-zone monitor and head-end control.

Note: This option must be specified at the time of initial order. This option does not include field devices and peripheral head-end equipment and is the head-end controller upgrade only.
