

Digital Video Recording (DVR) System Training

P/N TRSECDVRSYS300.1 "Now available on our GSA Schedule"

Digital Video Recording (DVR) System Training

Course Description:

This 2-day course is designed to introduce and provide skills necessary to operate the DVR system. One day is designed for operators and system administrators to learn operational procedures, and the second day is for system administrators to learn system architecture, set-up and administration. Class size is limited to a maximum of 3 participants.
